

🧠 01_Which_Agentic_Framework: Kis Agentic Framework Ka Istemaal Karna Chahiye?

Agar aap agentic AI seekh rahe hain (jaise aap ne pehle bataya tha), to aapko yeh decide karna hota hai ke:

"Main AI agent banane ke liye kaunsa framework (ya toolset) use karoon?"

Yahi sawaal hai **"01_which_agentic_framework"** — yaani **pehla step**: *Sahi agentic AI framework ka intekhab.*

☑ Top Agentic Frameworks (2025)

Framework	Khaas Baat	Level
LangChain	Python-based, popular, tools + memory + chains	Intermediate
AutoGen (Microsoft)	Multi-agent systems, dialogues aur collaboration	Advanced
CrewAI	Agents + Roles + Tasks structure mein kam karta hai	Beginner-Friendly
MetaGPT	Software engineer-style agents	Advanced
OpenAgents (OpenAI)	GPTs ko tools dena, browser, code interpreter, etc.	Easy
Haystack	RAG (Retrieval-Augmented Generation) ke liye strong	Intermediate

🧠 Aap Ke Liye Kaunsa Framework Best Hai?

Aap beginner hain aur **Android device par kaam kar rahe hain**, to:

💡 **Start karo: CrewAI ya LangChain (with Colab or Replit)**

- **LangChain:** Aapko agents, memory, tools ka kaam sikhata hai.
- **CrewAI:** Simple aur structured approach deta hai — "yeh agent kya karega?"

Agentic Frameworks Se Aap Kya Bana Sakte Hain?

- Auto Researcher bots (Google search + summarizer)
- Customer Support Agents (Product FAQs)
- AI Tutors (jaise math explain karne wale)
- Content Creators (blog, image, video scripts banane wale)
- Business Automators (Excel + Email automation)
